CAPTURING BEAUTY IN SIMPLICITY

About Rel Production

YOUR SUCCESS IS THE COMPANY'S SUCCESS.

We create exceptional imagery - that's what we're about. Brand building, sales-boosting visual content that makes an impact - not just on your customers, but also to your competition. Rel Production is a well established commercial photography and videography studio in Indirapuram. Working with many of the leading brands of Delhi/NCR across a range of projects, we consistently deliver imagery that fulfills even the most ambitious of briefs.

Our team of talented, experienced professionals include venue photographers, product photographers, videographers, and postproduction superstars, who take great pride in producing projects that are trouble-free, cost-effective and above all "Aesthetic".

1. STANDARD E-COMMERCE

We specialize in garment photography on plain backdrops on mannequin & flat lay for listings and e-commerce purposes.

Our Specializations

2. MODEL & LIFESTYLE

Garment photography steps beyond the boundaries of standard photoshoots on white. Our ability to enhance your listing with real world usage examples through our models is what sets Rel production apart from standard product photography studios.

3. CREATIVE SHOTS

In creative shoots, no two shoots will ever be quite the same. So, whether you want something more than just plain white backdrops or you have a unique method to present your designs. Then don't worry we've got you covered.

1. STANDARD E-COMMERCE

We specialize in garment photography on plain backdrops for listings on Amazon, Flipkart, Myntra, AJIO, Meesho, Shopsy etc. In online space your customers rely entirely on the visual representations of your fashionable designs that you provide. Therefore, image quality and context are among the most important decisions you will make for your online business.

At Rel Studio, each garment design is carefully photographed, utilizing professional lighting and techniques achieved from having a highly experienced team. Each photo is then lightly edited to correct color, ensure a purely plain background and sized for easy upload to your e-commerce, or website listing.

2.

Model & Lifestyle

Garment photography steps beyond the boundaries of standard photoshoot on plain. Our ability to enhance your listing with real world usage examples through our models is what sets Rel production apart from standard product photography studios.

Seeing a demonstration of how your product fits or functions in a real setting raises consumer confidence, as a result increasing your online sales. For instance, seeing clothing product photography on a live model helps your customers to visualize how your products will look in person. Or seeing your designed dress on the body of a professional model gives it a premium feel. Most importantly, promoting products with models builds brand awareness.

3. Creative Shoots

In creative shoots, no two shoots will ever be quite the same. There are an infinite number of possibilities and concepts to present a design. Plain background photography are helpful for E-Commerce or Amazon listings, but out of the box creative garment photography can greatly enhance your advertising campaign and help you reach more customers. Look at the most successful ad campaigns, or view any of the top E-Commerce websites. Most of them use some sort of creative photoshoots with good props and thought out marketing strategy instead of using edited photos on plain backdrops everywhere. This, in turn, increases sales by making a stronger connection than standard e-commerce photography.

So, do you want something more creative or have a unique strategy to present your product?
Then don't worry our team has got you covered.

Other Big Services

GRAPHIC POSTERS

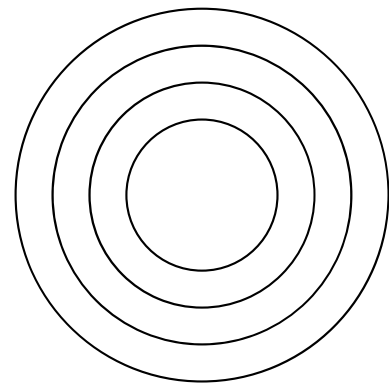

Successful poster designs can be truly powerful when they hit the right mark. The process of creating the posters is similar to that of building a modern architecture. Our brilliant graphic team designs the best in class packaging, banner, brochure and flyers like no other does.

PROMOTIONAL VIDEOS
